[] Changes made are as follows:

SPECIAL ATTENTION

This is CONDOMINIUM PROJECT, not a subdivision. There are County restrictions on the number of residential dwelling units, or other structures, which may be built on the property. Therefore, unless the Purchaser is buying an existing residential dwelling, THERE IS NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO BUILD A RESIDENTIAL DWELLING UNIT ON THE PROPERTY. THERE IS ALSO NO ASSURANCE THAT THE PURCHASER WILL BE ABLE TO CONVERT AN EXISTING NON-RESIDENTIAL STRUCTURE TO A RESIDENTIAL USE. The Purchaser should consult with the appropriate County agencies to determine whether the Purchaser may build a residential dwelling unit, or any other type of structure, on the property.

1. There is presently ONE (1) RESIDENTIAL STRUCTURE on the property. The other building on the property is a storage shed, which may be defined as an "apartment" under the condominium property act.
2. This public report does not constitute an approval of the project by the Real Estate Commission or any other government agency, nor does it warrant that all applicable County codes, ordinances, and subdivision requirements have necessarily been complied with.
3. The land area beneath and immediately appurtenant to each unit is designated a LIMITED COMMON ELEMENT and is not a legally subdivided lot. The dotted lines on the Condominium Map bounding the designated number of square feet in each limited common element land area are for illustrative purposes only and should not be construed to be the property lines of legally subdivided lots.
4. Facilities and improvements normally associated with County-approved subdivisions, such as fire protection devices, County street lighting, electricity, upgraded water facilities, improved access for owners and emergency traffic, drainage facilities, etc., may not be provided, and services such as County street maintenance and trash collection may not be available for interior roads and driveways.

THE PROSPECTIVE PURCHASER IS CAUTIONED TO CAREFULLY REVIEW THE CONDOMINIUM DOCUMENTS REFERENCED IN THIS PUBLIC REPORT FOR FURTHER INFORMATION WITH REGARD TO THE FOREGOING.

A condominium is a special form of real property. To create a condominium in Hawaii, the requirements of Hawaii's "*Condominium Property Act*" (Chapter 514A, Hawaii Revised Statutes) must be followed.

Some condominium projects are leasehold. This means that the land or the building(s) and other improvements are leased to the buyer. The lease for the land usually requires that at the end of the lease term, the lessees (apartment owner/tenant) deliver their interest in the land to the lessor (fee property owner). The lease also usually requires that the lessees either (1) convey to the lessor the building(s) and other improvements, including any improvements paid for by the lessees; or (2) remove or dispose of the improvements. The leases for individual apartments often require that at the end of the lease term, the lessee deliver to the lessor the apartment, including any improvements placed in the apartment by the lessee.

If you are a typical condominium apartment owner, you will have two kinds of ownership: (1) ownership in your individual apartment; and (2) an undivided interest in the common elements.

Common elements are the areas of the condominium project other than the individual apartments. They are owned jointly by all apartment owners and include the land, either in fee simple or leasehold, and those parts of the building or buildings intended for common use such as foundations, columns, roofs, halls, elevators, and the like. Your undivided interest in the common elements cannot be separated from ownership of your apartment.

In some condominium projects, some common elements are reserved for the exclusive use of the owners of certain apartments. These common elements are called limited common elements and may include parking stalls, patios, lanais, trash chutes, and the like.

You will be entitled to exclusive ownership and possession of your apartment. Condominium apartments may be individually bought, sold, rented, mortgaged, or encumbered, and they may be disposed of by will, gift, or operation of law.

Your apartment will, however, be part of the group of apartments that comprise the condominium project. Study the Declaration, Bylaws, and House Rules. These documents contain important information on the use and occupancy of apartments and the common elements as well as the rules of conduct for owners, tenants, and guests.

Operation of the Condominium Project

The Association of Apartment Owners is the entity through which apartment owners may take action with regard to the administration, management, and operation of the condominium project. Each apartment owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as an apartment owner. The Board of Directors and officers can take certain actions without a vote of the owners. Some of these actions may significantly impact the quality of life for all apartment owners.

Until there is a sufficient number of purchasers of apartments to elect a majority of the Board of Directors, it is likely that the developer will effectively control the affairs of the Association. It is frequently necessary for the developer to do so during the early stages of development and the developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective buyers should understand that it is vitally important to all apartment owners that the transition from developer to owner control be accomplished in an orderly manner and in a spirit of cooperation.

Based on a report prepared by an independent registered architect, it is the Developer's opinion that all structural components and mechanical and electrical installations material to the use and enjoyment of the individual condominium units appear to be sound and in satisfactory working condition. However, no representations of any kind are made as to the expected useful life, if any, of the structural components and mechanical and electrical installations material to the use and enjoyment of the condominium unit(s). See Exhibit "G" attached hereto.

b. Compliance With Building Code and Municipal Regulations; Cost to Cure Violations

The Project is a conversion of fully constructed and existing structures to condominium status. Said structures are in compliance with all zoning and building ordinances and codes applicable to the Project. No variance has been granted to achieve such compliance. To the best of the Developer's knowledge, the Project does not contain any legal non-conforming uses or structures as a result of the adoption or amendment of any ordinances or codes. However, See Page 18.

10. Conformance to Present Zoning Code

Uses	<u> x </u>	<u> </u>	<u> </u>
Structures	<u> x </u>	<u> </u>	<u> </u>

IV. ADDITIONAL INFORMATION NOT COVERED ABOVE

The Commission notes that:

1. By letter dated August 25, 1992, the Building Division of the Hawaii County Department of Public Works states that building permits were issued only for additions, and that they had no permit records for the dwelling or main building. (See Exhibit "H")
2. By letter dated October 30, 1992 to the Commission's consultant, the Developer's attorney states that he was unable to clarify the matter, but reasoned that no renovation permits would have been issued if the dwelling or main building were not considered legal. (See Exhibit "I")
3. Said Exhibit I also contains the Developer's explanation regarding item 3 in Exhibit "F", i.e. that the land may be used only for a single-family dwelling.
4. Although the Developer's Notice of Intention and this public report indicate that Unit A has three (3) parking stalls appurtenant to it, one (1) of which is covered, the Condominium Map shows only a carport with one (1) parking stall.

The Commission cautions any prospective buyer:

1. To resolve the aforementioned matters to his or her satisfaction before purchasing an apartment;

1. The Developer delivers to the buyer a copy of:
 - a. Either the Final Public Report **OR** the Supplementary Public Report which has superseded the Final Public Report;
AND
 - b. Any other public report issued by the Commission prior to the date of delivery, if the report was not previously delivered to the buyer and if the report has not been superseded;
2. The buyer is given an opportunity to read the report(s); and
3. One of the following has occurred:
 - a. The buyer has signed a receipt for the report(s) and waived the right to cancel; or
 - b. Thirty (30) days have passed from the time the report(s) were delivered to the buyer; or
 - c. The apartment is conveyed to the buyer within 30 days from the date the report(s) were delivered to the buyer.

If the buyer rescinds a binding sales contract because there has been a material change, the buyer is entitled to a full and prompt refund of any moneys the buyer paid.

B. Rights Under the Sales Contract:

Before signing the sales contract, prospective buyers should ask to see and carefully review all documents relating to the condominium. These include but are not limited to the:

1. Condominium Public Reports issued by the Hawaii Real Estate Commission.
2. Declaration of Condominium Property Regime and Condominium Map.
3. Bylaws of the Association of Apartment Owners.
4. House Rules.
5. Escrow Agreement.
6. Hawaii's Condominium Law (Chapter 514A, HRS, as amended; Hawaii Administrative Rules, Chapter 16-107, adopted by the Real Estate Commission).
7. Other _____

NOTE: The land area appurtenant to each unit does not represent a legally subdivided lot.

SALES CONTRACT

No sales of the condominium units are immediately contemplated. However, the Developer plans to use the Hawaii Association of Realtors' standard form of Deposit, Receipt, Offer and Acceptance (DROA) as the intended sales contract for the Project.

Upon examination, the Developer represents that the proposed Sales Contract (DROA) is found to be in compliance with Chapter 514A, Hawaii Revised Statutes, as amended. It is incumbent upon the purchaser and prospective purchaser that he reads the Sales Contract (DROA) with care.

Exhibit "D"

SUMMARY OF ESCROW ARRANGEMENTS

The Developer does not plan to offer the condominium units for sale immediately. However, an Escrow Agreement dated August 1, 1992, has been submitted by the Developer, identifying Island Title Corporation as Escrow for the Project. The Escrow Agreement establishes how proceeds from the sale of condominium units and all sums received from any source are placed in escrow, as well as the methods of disbursement of said funds. The Escrow Agreement provides that a Purchaser shall be entitled to a refund of his funds, and Escrow shall pay said funds to Purchaser, without interest and less cancellation fee and costs, if Purchaser shall in writing request refund of his funds and Escrow receives a written request from Developer to return to Purchaser the funds of such Purchaser. Said cancellation fee shall be in the minimum of \$25.00, but in no event shall exceed the agreed-upon escrow fee provided for in said Escrow Agreement, the exact amount to be commensurate with the amount of work completed at the time of cancellation.

Upon examination, the Developer represents that the Escrow Agreement is found to be in compliance with Chapter 514A, Hawaii Revised Statutes, as amended. It is encumbant upon the purchaser and prospective purchaser that he reads with care the Escrow Agreement.

Project is to be self-managed

Estimated Maintenance Fee Assessments and Disbursements

MAINTENANCE FEES: The regular maintenance and repair of each condominium unit, including all utility charges, is the sole responsibility of each respective unit owner. There are no common services and/or expenses which will require regular monthly assessments.

INDIVIDUAL INSURANCE: Section 514A-86, Hawaii Revised Statutes, requires that fire insurance be purchased to cover the improvements portion of the Project. Developer anticipates that the Association will elect to obtain separate policies for each individual condominium unit pursuant to Section XIV(c) of the Declaration. As such, the premiums on said policies will be the individual responsibility of each unit owner rather than common expenses of the Project. Purchasers should be aware that premiums for said fire insurance vary widely depending upon the coverage desired and the insurance company used. Developer's best estimate regarding the cost of said coverage is approximately \$500 to \$1,500 per year per unit. Said figures are based on generally accepted accounting principals.

Warranties

Purchasers should be aware that both "condominium units" of the Project are comprised of existing structures. Said buildings have unavoidably undergone a certain amount of "wear and tear" commensurate with their age. Accordingly, purchasers should not expect the home they desire to buy to be in "like-new" condition. **NO WARRANTIES FOR FITNESS OF USE OR MERCHANTABILITY OR ANY OTHER KIND ARE MADE AS TO THE INDIVIDUAL CONDOMINIUM UNITS OR THE COMMON ELEMENTS OF THE PROJECT. PURCHASERS ARE ADVISED TO CONDUCT THEIR OWN INSPECTION OF THE UNIT THEY DESIRE TO BUY. THE UNITS ARE SOLD "AS IS".**

Use of Condominium Units

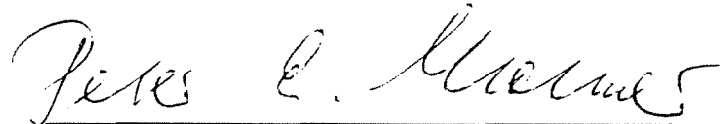

Both units comprising the Project may be occupied and used for residential and/or such other purposes as permitted by applicable zoning ordinances. There is no commercial or other non-residential development in the Project.

Structural Components and Mechanical & Electrical Installations

Based on a report prepared by an independent registered architect, it is the Developer's opinion that all structural components and mechanical and electrical installations material to the use and enjoyment of the individual condominium units appear to be sound and in satisfactory working condition. However, NO REPRESENTATIONS OF ANY KIND ARE MADE AS TO THE EXPECTED USEFUL LIFE, IF ANY, OF THE STRUCTURAL COMPONENTS AND MECHANICAL AND ELECTRICAL INSTALLATIONS MATERIAL TO THE USE AND ENJOYMENT OF THE CONDOMINIUM UNIT(S).

Code Violations

To the best of the knowledge, information and belief of the undersigned, there are no outstanding notices of uncured violations of the building code or other municipal regulations of the County of Hawaii.

A handwritten signature in dark ink, appearing to read "Peter E. Messmer", is written over a horizontal line.

Re: Mumu's
Registration No 2722

Dear :

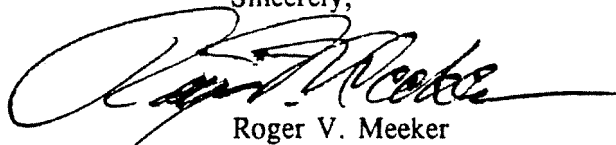

Per Kiley's request, please note the following respecting the above project registration

Mumu's:

- (1) Affidavit of Publication of Notice of Completion respecting Unit B is enclosed.
- (2) Unit A (the residence) was remodeled in 1988 by the previous owner. This involved enclosing of the downstairs, which the County wanted to make sure was not used as a separate dwelling unit. The single-family dwelling restriction applies only to Unit A. The property as a whole is zoned RS-15, so the zoning already permits construction of a second dwelling.
- (3) As for the Building Division's letter that indicates "no record for dwelling or main building", we can't really add much. Am enclosing a copy of the tax office records which do indicate that the dwelling was built in 1986, but only makes reference to the various permits for additions. Can't explain the discrepancy. By argument I guess you could say that no renovation permits for the dwelling would have been issued if the original dwelling was not considered legal by the County. Beyond that, we don't have much else to offer to you. Let me know if this is a problem.

Thanks again,

Sincerely,

Roger V. Meeker
